About SFT

Established in 1980, SFT is a registered non-profit organization dedicated to the holistic development of rural communities across 350+ villages in Gujarat.

Our Key Focus Areas:

- Rural Development
- Livelihood Programs
- Medical & Public Health
- Education & Training

Services

We offer hands-on, industry-aligned courses across sectors like healthcare, logistics, apparel, and IT.

Our team provides counseling, interview preparation, and connects students with companies through placement drives.

We ensure a safe, residential learning environment with well-equipped labs, spacious classrooms, and access to physical fitness and recreational areas.

VIVEC is a state-of-the-art vocational training institute established with technical support from GIZ IS (German International Corporation).

We focus on bridging the skill gap for rural and tribal youth by providing industry-relevant, job-ready training that supports employment and entrepreneurship.

Why Choose Us?

- 1 Industry-oriented courses
- 2 Life skill and Personality development
- 3 Experienced trainers
- 4 Placement support
- 5 Modern infrastructure
- 6 Safe and inclusive learning environment

Our Vision

“To become a model ‘Centre of Vocational Training’ intended for rural poverty alleviation through employment oriented training.”

Our Mission

“To provide value education and effective vocational training that is aimed to empower the tribal and rural youth and uplift the quality of their lives, through the use of modern coaching methodologies and state-of-the-art infrastructure.”
